MAHDI HASAN

Junior MERN Stack Developer | Frontend Developer

Narsingdi, Bangladesh | 01880230924 | hasanmahdi6060@gmail.com | [LinkedIn](#) | [Portfolio](#) | [GitHub](#)

Career Objective

Junior Frontend / MERN Developer seeking an **Internship/Entry-level** role. I build **React-based web apps** using Tailwind CSS and Firebase Authentication, backed by MongoDB. I prioritize clean UI, performance, and secure user flows, and I take ownership to deliver work end-to-end.

SKILLS

Technical Skills

- **Programming Language:** JavaScript (ES6+)
- **Frontend:** React.js, Next.js (App Router), HTML5, CSS3
- **Backend:** Node.js, Express.js, RESTful APIs
- **UI / Styling:** Tailwind CSS, DaisyUI
- **Database:** MongoDB
- **Authentication:** Firebase Authentication, JWT
- **Tools & Integrations:** Git, GitHub, Stripe Integration

Soft Skills: Quick Learner, Ownership & Accountability, Consistency, Attention to Detail

PROJECTS

EduBridge - Tutor Marketplace Platform (MERN)   [Live Link](#) | GitHub: [Client](#) | [Server](#)

- Role-based access for **Student/Tutor/Admin** with protected dashboard routes
- Tuition posting and tutor application flow with status tracking and profile management
- **Stripe checkout + payment history** secured with JWT authorization

Tech Stack: React, Tailwind CSS, Firebase Auth, TanStack Query, Node.js, Express.js, MongoDB, JWT, Stripe

Voyago – Vehicle Rental & Booking Platform (MERN)   [Live Link](#) | GitHub: [Client](#) | [Server](#)

- Vehicle catalog with details pages and a **Latest Vehicles** showcase
- Dashboard vehicle management (add/update/delete) with a dedicated **My Vehicles** view
- Booking management flow to create, update, or cancel bookings with profile support

Tech Stack: React, React Router, Tailwind CSS, Firebase Auth, Node.js, Express.js, MongoDB

Skillora – Skills Discovery Web App   [Live Link](#) | GitHub: [Repository](#)

- Skills browsing experience with category sections and dynamic **Skill Details** pages
- Firebase authentication flow: Login, Signup, Forgot Password and a profile page
- Motion-first UI with interactive sections and smooth animations (Framer Motion, AOS, Lottie, Swiper)

Tech Stack: React, React Router, Tailwind CSS, Firebase Auth, Axios
UI Enhancements: Framer Motion, AOS, Lottie, Swiper
